GOD SPEED THE RIGHT.

Now to heaven our prayer's ascending,
God speed the right!
In a noble cause contending,
God speed the right;
Be their zeal in heaven recorded,
With success on earth rewarded.
God speed the right.

He that prays'r again repealed,
God speed the right;
Ne'er despairing, though defeated,
God speed the right:
Like the good and great in story,
If they fail, they fail with glory,
God speed the right.

Patient, firm and persevering,
God speed the right;
Ne'er the event nor danger fearing,
God speed the right;
Pains, nor toils, nor trials heeding,
And in heaven's own time succeeding,
God speed the right.

Still their onward course pursuing,
God speed the right;
Every foe at length subduing,
God speed the right;
Truth thy cause, whate'er delay it,
There's no power on earth can stay it.
God speed the right.

Miscellany.

THE RELIGION OF THE SLAVES.

An intelligent description of the religious habits of the slaves is given by Mr. McKim, of the Port Royal Relief Society. In some respects it affords a practical illustration of the simple faith required of the followers of Christ. The success of a judicious system of free labor at the South is insured by the large development on the part of the blacks of the religious sentiment. As persons deprived of one sense acquire greater susceptibility in those that remain, so it would seem that these people, degraded in body, stunted in intellect, scarred and twisted out of shape in their muscular and mental forms of existance, have acquired additional strength in their spiritual life. Religion is universal among them. To be sure, in most cases it is a mere sentiment or habit, and not sufficient to preserve them against temptation; but in many cases it is a living and active operative principle. Their convictions are strong and their experiences vivid. They speak of "seeing God" and "hearing God" with a simplicity of faith which sounds fanatical, but which to the philosophical mind is quite consistant with reason. Their spiritual perceptions are like sights or sounds; and thus it is that they are supported in their trials. God is a present refuge to them in every time of trouble.

"Francis," said I, to an old, gray haired man, who was conning over his spelling book, "why do you take the trouble to learn to read? You say it is hard work and very discouraging; why do you try?"

"Because, massa, I want to be satisfied; I want to read de Word of God."

"But can't you know the Word of God without reading it in a book?"

"Yes, massa, I do know it. I know it *here*," striking himself on the breast: "but I want to read it for myself."

I had asked the same question of an elderly woman, on the Sunday previous at Sunday school. She was one of those spiritual-faced ones whom you will some times find amongst the most illiterate. Her countenance told a story of suffering and triumph.

"Tamar," said I, "why at your age do you take so much trouble to learn to read?"

"Because I want to read de Word of de Lord."

"But can't you know the Word of the Lord without reading it?"

"Yes, massa, I can *hear* it, but I want to *read* it.

"How can you *hear* it?

"I hear de voice *here*," laying her hand on her breast; "I have learn it, massa."

"When, Tamar, did you hear it?"

Turning upon me her deep and full eyes, she said, "One morning, as I one morning I went out to de wood before daylight to pray. My heart was full of sorrow; and when I was praying de Lord spoke to me."

"And what did he say, Tamar?"

"He said, 'Tamar! all yourse sins is forgiven; you're My chile.'"

"Well," said I, waiting for her to go on.

"Den I was filled with hub and joy; my heart was full of hub for everybody."

"Not for your old master, too, Tamar?"

"Yes, sir, for my master and everybody."

Now who will say that this old woman had not heard the voice of God? And whose religious faith will bear a stronger test than hers?

Religion has afforded these people their only resource; they have no amusement, no diversions, no social visiting. Their children have no plays—no games whatever. The "praise house" (prayers house), as the hut in which they hold their meetings is called, is their only recreation. Here, as one of their songs goes, they

"Sing and pray
These souls away,"

in sweet forgetfulness of their wrongs.

The night after the bacon arrived from Philadelphia, the people on Pope's plantation gathered in the "praise house" and sung and prayed till broad daylight. In the camp of the black regiment there is, I was told, a prayer meeting in one or other of the tents every night. I may here add, in passing, that there is no better behaved set of men on Hilton Head than this same "First Regiment of South Carolina Volunteers." Their appearance, in their dark blue uniforms and black felt hat, is picturesque. They handle the musket with as much dexterity as other new recruits, and their proficiency in marching is more rapid. Their camp is kept neat and tidy, and they compare well in all respects with others of more favored complexion. As for their military capacity and the wisdom of Gen. Hunter in enrolling them as soldiers, I say nothing here: not for want of well settled convictions on these points, but because these points are not embraced in the range of inquiry, the result of which it is my business here to report.

THE PIN AND THE NEEDLE.

A pin and needle, being neighbors in a workbasket and both being idle folks, began to quarrel as idle folks are apt to do.

"I should like to know," said the pin, "what you are good for; and how do you expect to get through the world without a head?"

"What is the use of your head," replied the needle, very sharply, "if you have no eye?"

"What is the use of an eye," said the pin, "if there's always something in it?"

"I am more active, and go through more work than you can," said the needle.

"Yes, but you will not live long."

"Why not?"

"Because you always have a stitch in your side," said the pin.

"You are a poor, crooked creature," said the needle.

"And you are so proud that you can't bend without breaking your back."

"I'll pull off your head, if you insult me again."

"I'll put out your eye if you touch me: remember, your life hangs on a single thread," said the pin."

While they were conversing, a little girl entered, and undertaking to sew, she very soon broke off the needle at the eye. She then tied the thread round the neck of the pin, and attempted to sew with it; she soon pulled its head off, and threw it in the dirt by the side of the broken needle.

"Well, here we are," said the needle.

"We have nothing to fight about now," said the pin. "It seems misfortune has brought us to our senses."

"A pity we did not come to them sooner," said the needle. "How much we resemble human beings, who quarrel about their blessings till they lose them, and never find out that they are brothers till they lie in the dust together."

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

Adjutant General's Office, }
Providence, Sept. 4th, 1862. }

GENERAL ORDERS NO. 39.

Until further orders, the several Commissioners who have been appointed to superintend the draft directed by the orders of the War Department, dated August 4, 1862, are hereby authorized and directed to receive volunteers for nine months' service, from the several towns within their respective districts, in conformity with the provisions of Section 7, of General Orders No. 38.

Recruits for the old Regiments will continue to be received. The State Bounty of $100, and the Government Bounty, will continue to be paid until further orders to those who may enlist in said Regiments.

The several towns are requested to appoint committees to aid in procuring volunteers, as the number of men who may volunteer from each town will be deducted from the quota of each town, and the draft be made for only the number required to fill the quota.

Volunteers upon offering themselves for enlistment will be examined by one of the surgeons appointed under General Orders No. 38, and will, if found to be able-bodied and capable of performing military duty, be furnished with a certificate to that effect, when the State bounty will be paid, according to the recent act of the General Assembly, and the volunteers be forwarded to the General Rendezvous. The several Commissioners are authorized to arrange within their respective districts with the committees of the towns for the payment of the State Bounty.

By order of the Commander-in-Chief,

EDWARD C. MAURAN, Adjutant General.

Daily paper throughout the State will copy the above three times and forward copies of the paper to this office. 1 5 ft.

COURAGE AND ENERGY.

Grave as some of the present of the complications are, and severe as the coming trials of strength with the rebels may be, there is still no reason to doubt the issue. Croakers and secession sympathizers will lift their heads, without doubt, and in various unexpected quarters it will be intimated that we have had quite enough of war for so trival a matter as the saving of the Union from ruin. Let no citizen offer to listen to such suggestions. The cause of the country is too strong to be put down. That division of these States, which would make war a permanent condition, and would compel both sides to keep a standing army of a hundred thousand men, cannot come unless we betray the great cause now in our keeping, and through cowardice and inaction permit the cavalry of Stonewall Jackson to ride over us rough-shod without firing a gun at them.

No cause so great as this is to be carried without great exertion and great sacrifices. Above all, we want now an unflinching energy in military management. That degree of effectiveness which genius alone can give must guide the Union forces. Give the command to effective men; to generals of action to those and those only who have shown superior qualities of command in the face of the enemy. If we defeat the daring army that lies near Manassas now, returning after an absence of six months at Richmond, and returning in spite of a powerful army of our own on the Rappahannock, it must be done by an army of numbers, and by energetic movements both superior to the same elements on the rebel side. In numbers we can certainly exceed them. Can we also in vigor of movements? Call the best men we have to this trial, and while there is no doubt that most if not all the generals of Pope's army are efficient and superior, in the large addition of new troops to it there is room to give others command, who shall be selected for their peculiar fitness alone.

The whole aspect of affairs is full of solicitude but it ought not to be regarded as discouraging. It will bring out qualities required in such an emergency, and rouse the vast latent power of the loyal States. An army larger than all the rebels in front of Washington can muster will be gathered in a very few days from the new levies alone. The combined forces of the old armies in Virginia must also at least equal the rebel army in numbers—probably they exceed it largely. The approaching trial of strength cannot result in any great disaster, while the probability is that the disaster to the rebels will be final, leaving them without the means of consolidating another great army at Richmond. The public mind feels the present situation as painful and full of anxiety, but there is no reason for discouragement. Particularly, let no one tolerate the rising voice of secession sympathizers, suggesting that they are weary of the war.

AN INCIDENT AT THE EVACUATION OF FREDERICKSBURG.

The correspondent of the Times says:

On reaching headquarters, at the Lacey House, Fredericksburg, I found all the tents had been struck, the ambulance and army wagons were hitched up, officers' horses were all saddled for a start, and everything betokened a decided movement. In the midst of this scene General Burnside was observed walking leisurely to and fro, dispatching orders to the different regiments, and watching in calm silence the movements of the various commands. It was looked on heard deep interest and concern to him.

For days and nights he had watched, with sleepless vigilance, every movement of our own and the enemy's forces, as they affected his own position, and something of weariness could be detected in his usual elastic step. At this juncture a poor woman, with three lovely children clinging to her side, came up the hill and passed through the gate, bringing, each of them, some little article of household furniture. The quick eye of the General immediately recognized her as an excellent Union lady of Fredericksburg, who was escaping, with her children and little effects, from the town. "Have you anything else down to the bridge, Madam?" asked the General. "Only a bed and a few small articles, sir," she timidly answered. "Send down an ambulance wagon master, and have them brought up and carried to the depot," was the General's orders; and it was done. In a few minutes the poor widow had the pleasure of seeing all her remaining goods safely deposited on the cars for Acquia Creek.

Local News.

Exemptions.—We understand that it is not at all probable that there will anything like 25 per cent. of the enrolled militia of this city exempt for disability, which is the fair average proportion usually exempt in every community. We are reliably informed that there are as yet only two hundred and six exempts, the street rumors concerning the matter to the contrary notwithstanding. There is every reason to believe that Newport will stand up fairly to the rack, and none for the supposition that exemptions have been granted by our physicians without sufficient cause.

It is not at all likely that any man subject to the draft will be obliged to go to the War from this state or city *against his will*—that matter will be attended to by our City Council and Gov. Sprague, who will look out for the interests of our state in this respect—it is therefore desirable that our citizens should refrain from all causes which tend to unnecessary excitement in the matter. There is no reason to believe that the whole number of exempts in Newport will reach 300 a less proportion we are inclined to believe than will be found in any town in the State, which considering the peculiar situation of our city, as previously alluded to in these columns, is a fact worthy of honorable mention.

[The above article was written for yesterday's issue of our paper, but owing to an oversight on the part of the compositor, only a part of it and that the *middle* was inserted. Ed. News.

Death of William M. Chace, Esq.—This gentleman died at the residence of George D. Morgan, Esq., 45 Lafayette Place, New York, on the 1st of September, after an apparently slight illness of a week's duration.

He was a native of North Providence, Rhode Island, but has resided for many years in Providence and New York, pursuing the legal profession.

At the time of the organization of the Republican party, Mr. Chace—always an ardent anti-slavery man—devoted his energies to the promotion of its interests, and may be regarded as one of its original founders. A member of the Republican National Executive Committee and the Rhode Island Republican State Committee from the beginning, his superior judgment, great executive capacity, and his generous devotion, contributed not a little to the success of his cherished principles in the two last Presidential elections. Difficulties which seemed insurmountable to men of less determination, courage and faith, served only to stimulate him to renewed exertions.

Early during the present war he planned a system of relief for the New England soldiers passing through New York to and from the seat of war, and subsequently represented this State on the Executive Committee of the New England Soldiers' Relief Association, of which he was one of the earliest and most influential members.

He was a man of strong convictions, an earnest lover of the Right. His early life being devoted mainly to generous efforts in behalf of the poor and oppressed, and to the promulgation of anti-slavery ideas. He possessed a fine and highly cultivated literary taste.

Modest, generous, suitable and pure, his death will be mourned by all who knew him as no ordinary loss, and the cause to which he devoted the best years of his life, has lost in him one of its most philosophical, liberal and faithful advocates. In the great harvest death is reaping in our land, no greater, truer-hearted man has fallen than William M. Chace.

Fraud on Government.—A gentleman who has been collecting sample postage stamps of the different countries in the world, states that he is possessed of a receipt by which any post office marks on the same may be perfectly obliterated without injuring the original. What a door does this open for fraud in the present dearth of change. In fact there is reason to believe that there may be at the present times extensive arrangements made for its perpetration, and that under various false pretences innocent parties are engaged in procuring it. Let it be inquired into.

Better than Port.—Speer's Sambuci Wine is better than pure Port, and since the adulteration of the latter it must take its place. It is pure and really excellent and health giving.—*Troy Times.*

Rev. Dr. Hague will preach at the Second Baptist Church to-morrow afternoon.

Cassius M. Clay before the Kentucky Legislature.—Hon. Cassius M. Clay made a speech before the Kentucky Legislature on the 30th ult., which is thus reported:

"Mr. Clay thought that peace was the great end to be attained. He would offer it to the South, and on condition that they would lay down their arms and return to their allegiance, he would advise the repeal of all confiscation acts, and urge a general amnesty act.

It was idle to talk of hanging Jeff. Davis, or even John Breckinridge, who deserved it more than any one else. Say to our Southern brethren, Lay down your arms, return to the old flag and the old Constitution; unite with us in punishing all your foreign enemies, who hate you as much as they do us, and all shall be forgiven and forgotten.' (Tremendous cheering.) But if the South should refuse these terms, then he would have the loyal people rise in their might and swear that this rebellion should be put down, that this country should be one, though it should cost every available dollar and every available man.—(Great cheering.)"

A bill to provide for the better organization of the militia was received from the House.

The bill was read by its title and passed to a second reading when the Senate adjourned till 3 o'clock.

House of Representatives.

The House met at 10 1-2 o'clock. Mr. Speaker Miner in the chair.

On motion of Mr. Van Zandt the Committee on the Militia were excused from the consideration of sundry petitions and resolutions, and the same were referred to the Committee on Finance.

Mr. R. W. Greene, of Warwick, submitted a resolution, which was adopted, to the effect that the Committee on the Judiciary be instructed to report a bill authorizing the several Towns of the State to issue bonds for the debts incurred by them under an act passed in August, 1861, allowing the Towns to grant bounties. The object of such act would be to enable the towns to negotiate with more advantage than under the present state of the law.

The Speaker announced the following as the committee on the resolution in relation to the proposed amendment to the Constitution:—Messrs. [illegible] Blake, of Bristol, Jonathan R. Wheeler, of Warwick, and Alfred H. Willard, of Cranston.

The consideration of the act for the better organization of the militia was resumed at Chapter [illegible].

Chapters 3, 4, 5, 6 and 7 were ordered to stand as parts of the bill.

A message was received from the Senate communicating the resignation of U. S. Senator Simmons.

Mr. Holden, of North Providence, offered a resolution, which was adopted, inviting His Excellency the Governor and the Honorable Senate to join the House in Grand Committee, at 1 1-2 o'clock this afternoon, for the purpose of electing a Senator to represent this State in the Congress of the United States to fill the vacancy occasioned by the resignation of the Hon. James F. Simmons.

The communication of the Governor was ordered to be placed on file in the office of the Secretary of State.

The remaining seven sections of the Military Bill were ordered to stand, and

On motion of Mr. Van Slyck, the bill passed.

The resolution from the Senate for continuing the alphabetical index of the Schedules was passed in concurrence.

Mr. Holmes, of Providence, presented the report of the Special Committee appointed to examine into the condition of the Mercantile Bank.

Mr. Holmes presented the account of Charles T. [illegible] and Wm. R. Watson, the above named Commissioners, for $[illegible] expenses incurred in the discharge of said duty, which was allowed.

Mr. Dixon in behalf of the special committee to whom was referred the communication from His Excellency, the Governor, in relation to the draft, asked and received permission to be excused from the further consideration of the subject, inasmuch as said communication, as they had learned, was made moot in other bills passed by the House.

A resolution was received from the Senate inviting the House to join that body in Grand Committee, amended by fixing the hour at 12 1-2 o'clock, and adopted.

In Grand Committee.

The Grand Committee was called to order at 12 1-2 o'clock by His Excellency the Governor.

Mr. Updike nominated the Hon. Samuel G. Arnold to fill the vacancy in the office of United States Senator, occasioned by the resignation of the Hon. James F. Simmons for the unexpired term ending on the fourth of March next.

The Grand Committee then proceeded to a ballot, with the following result:

Whole number of votes [illegible]
Necessary to a choice [illegible]
Samuel G. Arnold, of Middletown, had [illegible]
Nathan F. Dixon, of Westerly, [illegible]
Elisha Dyer, Jr., of Providence, [illegible]
Thomas G. Turner, of Warren, [illegible]
Moses B. Lockwood, of Providence, [illegible]

His Honor Samuel G. Arnold was then declared to be elected to the office of U. S. Senator, in place of the Hon. James F. Simmons, for the unexpired term.

The Grand Committee then rose, the two houses separated, and the House adjourned till [illegible] o'clock.

Opinion of Rebel Movements in Maryland.—The Baltimore *American* of the 4th inst. expresses the following opinions respecting the chances of rebel success in invading that State which views, as will be seen, are very decided. It says:

"We believe the system and determined line of both in our own case and in that of the [illegible] will just exactly *fail*. We are convinced that the desperate fighting already done before Washington has so severely punished and disconcerted the rebels that even the thoughts of an invasion here are indefinitely postponed. The troops poured through here within the last few days, and on the way here with every available means of transportation, would insure the destruction of the rebel army were it even to get across the Potomac. Undisciplined though they may be, they are splendidly armed, they are fired with patriotism and determination, and they would harass the advance, they would insure destruction to it when compelled to retreat, as it speedily would be. With but enough—give them the largest numbers claimed by their sympathizers—to which our Generals, Alexandria and opposite to Washington on this side of the Potomac, the bulk of our army would—and at the same time to occupy their alliance, so as to serve as might serve the confines in which they have already suffered so severely."

WAR NEWS.

WAR BULLETIN BY GENERAL McCLELAN.

Washington, Sept. 5, 1862. *General Orders No. 1.* First. Pursuant to General Orders No. 122 from the War Department, Adjutant-General's Office of the 2d inst., the undersigned hereby assumes command of the fortifications of Washington, and of all the troops for the defence of the Capital.

Second. The heads of the staff departments of the Potomac will be in charge of their respective departments at these headquarters.

Third. In addition to the consolidated morning reports required by the circular of this date from these headquarters, reports will be made by the corps commanders as to their compliance with the assignment to positions heretofore given them, stating definitely the ground occupied and covered by their commands, and what progress has been made in obedience to the orders already issued to place their commands in condition for immediate service. Signed G. B. McCLELLAN,

Major General.

Resignation of U. S. Senator James F. Simmons.—James F. Simmons, whose term of office as member of the United States Senate from this State would have expired on the 4th of March next, this morning resigned his office. Gov. Sprague submitted his resignation to the General Assembly, and both Houses went into Grand Committee and elected His Honor Lieut. Gov. Samuel G. Arnold, of Middletown, to fill the unexpired term.

Lieut. Gov. Arnold happily combines the qualifications necessary to render him a leading member of the United States Senate and the people of his native State will rejoice that he has been called to that high position.

Mr. Simmons has grown grey in the service of this State and has often received the verdict of popular approval; yet it is as undeniable as it is lamentable that no previous act of his has been so acceptable to his constituency as his resignation to-day.—*Prov. Press.*

The Rumored Change in the Cabinet.—The New York *Commercial* of last evening says:

"A rumor is very generally prevalent in the city to-day that Mr. Secretary Stanton has resigned his seat in the Cabinet and that Major General Halleck has been appointed his successor. The resignation of Mr. Stanton would not surprise us, but we doubt whether it has been actually tendered.—That the President would accept it if tendered, we have reason to believe, not from any lack of personal respect to Mr. S., but because Mr. Lincoln has determined upon certain things in which he can scarcely expect the hearty co-operation of Mr. Secretary Stanton. The announcement of the resignation is probably, however, premature."

TO HORSE OWNERS.

Dr. Sweet's Infallible Liniment

FOR HORSES

Is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also cure speedily. Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a *radical cure.* No case of the Kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

RESIGNATION OF STANTON.

NEW YORK, 6th.

The World states on good authority that Mr. Stanton Secretary of War tendered his resignation to the Presesident Thursday. It was accepted and Gen. Halleck appointed his successor.

FROM THE ARMY.

WASHINGTON, 5th.

There is nothing new from the front, everything in the military line is working well, the felling of security everywhere prevails. A report prevailed this morning of a battle last night, or yesterday afternoon at or near Poolesville, but nothing can be ascertained to confirm it. Probabilities are too often made to assume the form of a battle.

During the recent movements in Virginia many of our troops were injured in the feet from severe marching over rough roads, the shoes of many of them being of poor service.

Hon. Joseph Segar is now here remonstrating against the removal of the buildings of the Hygea Hotel at Old Point as recommended by the Sanitary Committee, and requests, that as a preliminary step a board of competent persons may be detailed to value the property to the end that being taken for public uses we may receive for it just compensation. The property is estimated as worth $76,000.

BURNSIDE'S TROOPS.

Gen. Burnside's troops are by this time in proper position some of them were not long ago seen in this vicinity.

FROM CINCINNATI.

CINCINNATI, 6th.

Conductor Gondal made a reconnoisance yesterday with an engine on the Kentucky Central Rail-Road. He proceeded to a point 10 miles north of Cynthia, Va., where he discovered three men who upon being hailed said that they belonged to a Georgia Reg't. He afterwards discovered their camp but it was so much hidden by bushes that he could not make out how many they numbered.

VARIOUS MATTERS.

A despatch from Falmouth dated 1 o'clock this morning says that our scouts report the rebels within 4 miles of that place with Artillery.

A despatch from Pomeroy, Ohio, says Spencer in Virginia, has surrendered to the rebel forces under Jenkin's and that Col. Rathbone's command were taken prisoners by him.

On Wednesday morning Jenkins' forces entered Ravenswood, Va., and on the same evening crossed the Ohio River at Buffington Island and came down to Racine where they killed one man, wounded two others and stole twelve horses.—They then re-crossed the river at Wolf's Bar and encamped for the night. The people were raising to resist a further attemp at invasion by the rebels.

A later report says the rebels are crossing at Racine and coming down on both sides of the river.

A despatch from Point Pleasant to the military committee at Gallipsie, says that the contending forces are in sight of each other, that the rebels are but 900 strong and that a battle is imminent.

Gov. Morton has ordered all the male citizens between the ages of 18 and 45, residing in the Border Counties to organize themselves into Military Companies to repel the invaders.

LUDLOW'S PATENT

GLASS JARS & GLASS COVERS

For Preserving Fruit, Vegetables, &c.,

IN A PERFECTLY FRESH STATE.

THEY require no Wax, Solder or Cement, seal instantly, and are more easily sealed and opened than any other article for the purpose ever invented. All Kinds of Wax and Cement are equally disagreeable and uncertain in sealing.

In presenting these articles to the public, the inventor challenges the world in an infallible, simple, easy and rapid process of Hermetical Sealing.

All scientific and practical men who have examined them say they are without a fault, and are the only ones that have stood the chemical test.

The sealing is on an entirely original plan. This principle has stood the test for several years, and the best certificate of their value is, that those who have tried these articles will use no other.

They are warranted as represented.

Reliable directions for putting up all kinds of fruits, vegetables, &c., will accompany the Jars.

For Constitutional Syphilis.

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $450 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator,

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Irresponsibility and Melancholy, which may end in Loss of Reason.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which lasts a month, $10; half size, $6.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, *or the price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation,* to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry,* to men who are alike destitute of honor, character or skill and whose *only* recommendation is *their own* false and extravagant *assertions* in praise of *themselves.* The only way to avoid imposition is to take no man's word, *no matter what his pretensions are,* but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for as advertising physicians in nine cases out of ten are *knaves,* there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free,* by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most unbiased references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON, as above. d18-1y is

A CHALLENGE AND A REWARD.

$500 REWARD.

I beg leave to inform my friends and the community that from recent arrangements made by me, I NOW offer the above reward in good faith, which shall be paid in cash to any chemist or physician, of good and reputable standing in the State, who on fair analysis and satisfactory evidence, can find anything in the BRANDIES, WINES, GINS, &c. &c., NOW for sale by me at retail, other than is found in all PURE, GENUINE and UNADULTERATED ARTICLES.

Knowing from experience that our citizens in general labor under the impression, with good cause, that pure liquors cannot be had, I, after much pains, sincere investigation, and from the reliable source with whom I NOW contract for my supplies in these articles, do stake my reputation as a man, my integrity as a merchant, that the liquors NOW sold by me at retail are true, and can be had from the vineyards in France, or from any part of the world. As a proof of my sincerity, I challenge chemical examination, and invite all to come and test for themselves, when they will learn that NOW, "I never before" pure liquors can be purchased in Newport, by bottle or measure, for medicinal or family purposes, and as cheap as in any other place in these United States.

WM. ALDERSON, Newport, R. I.

N. B.—The main inducement for all to give me a call is, that the liquor for the genuine article is rather less, but more, there is NOW charged for the inferior beverages called "rectified compounds so extensively sold all over the country."

CURE YOUR COUGH FOR ONE DIME.

The best and cheapest Household Remedy in the world.

MADAME ZADOC PORTER'S

GREAT COUGH REMEDY.

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Cough, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S BALSAM is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S BALSAM has been used by the public for over 20 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!!—Do not be persuaded to purchase at 5s. to $1, which do not contain the virtues of a 13cts. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts., and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 13 cts. and in larger bottles at 25 cts.

THE SPECIFIC PILL.

A [illegible] REMEDY FOR

Spermatorrhea or Seminal Weakness, and General Irritability in either Sex.

This Malady, the terrible consequences of which are too well known to require more than a mere allusion to them, is one of the most insidious, and therefore dangerous, of all the long catalogue of human ills. It saps the very springs of life, rapidly undermines the constitution and sinks the unhappy victim into imbecility and a premature grave. From one to six boxes of the SPECIFIC PILL are sufficient to effect a permanent cure in the most aggravated cases, whether constitutional or arising from abuse or excesses.

MEDICAL TESTIMONY.

"We believe it to be, in the treatment of Spermatorrhea, as near a Specific as any medicine can be."—D. Harris, M. D., [illegible] *Journal of Medical Sciences*.

"I have found them all that could be desired. Their effect has been truly astonishing. I used them in a case of Spermatorrhea of long standing which has been under treatment for years. I think fewer boxes will complete the cure."—E. P. Dewees, M. D.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

No. 76 State St., opposite Kilby St.,

BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."

JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on twice rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor by the Commissioner of Patents.
